

The Orientation, Prospective Student & Leadership Event

An interactive team-building experience for people of all abilities.

ABOUT TEAM COLLEGE

Team Concepts, a leader in corporate training and motivational events, brings their years of experience onto your campus with TEAM COLLEGE. This fun, competitive and interactive journey for people of all skill levels, is facilitated by Olympians such as World Champion Dan Lyons, founder of *Team Concepts*, and Olympic Gold Medallist Carol Bower. Drawing on decades of teambuilding and leadership expertise in all walks of life, the TEAM COLLEGE

high performers create an environment which inspires the pursuit of excellence. TEAM COLLEGE is dedicated to empowering students to achieve their dreams for their future.

Our facilitator uses high performance success stories, Olympic and World Championship competition video and the organization's groundbreaking "Eight Secrets of Inspirational Leadership" to lay the foundation for a new perspective on life and learning. TEAM COLLEGE provides the opportunity to put those principles into practice right away. Teams are formed and competition is introduced to the mix via games and exercises. The teams vie for points and pride while our Team Concepts Olympian guides and directs.

TEAM COLLEGE provides participants with tools to excel individually and cooperatively. An incredible high-energy atmosphere is generated that guarantees an unforgettable event for your entering or prospective students. It is also an ideal leadership program and an interactive social opportunity for participants to forge new relationships. Team College is designed to accommodate large audiences.

I just wanted to formally thank you for a FABULOUS day!!!!!! When I say that the event exceeded our wildest expectations, I am not exaggerating. Rarely have I interacted with SUCH a skilled, well-orchestrated and kind organization. EVERYONE was uniformly thrilled with the program and I hope that this is only the first of several opportunities we'll have to work with Team Concepts. Again, our sincere thanks!
