

THE GLOBAL RHYTHM TOUR Community Drum Circle Experience

The Global Rhythm Tour brings to your campus or organization a spirit of community and sharing, discovered through the roar and rhythm of hundreds of beating drums! Three hundred drums and percussion instruments are provided, so that as many people as possible can participate in this interactive event of "Rhythmic Consciousness" led by our expert drum circle facilitator.

In a unique hands-on experience, The Global Rhythm Tour takes you to a place where language disappears and rhythm brings us together, to a place where race, culture, religion, and sex are forgotten, where we are simply individuals celebrating our common humanity through rhythm. What is a Community Drum Circle? It is a group of people who play simple parts on a chorus of drums and percussion instruments in order to create an interactive and cooperative song-and have fun doing it. It is a living, breathing, social and spiritual entity that is interdependent on all the parts of itself, each part no more or less important in making the whole experience a success.

The Global Rhythm Tour is perfect anytime: as a special event, for orientation, spring fling, homecoming, Greek week, Earth Day celebrations, parents' weekend, multicultural programming, leadership training, or whenever you want to bring people together for a unique and entertaining community building program.

The Response:

"The Global Rhythm Tour is an excellent program. Our students and staff had so much fun learning and participating in a community drumming circle; no experience needed! CreativeWell was wonderful to work with."

Stephanie Sirovatka-Marshall
Assistant Director, Student Activities
University of Wisconsin Parkside

"The GRT brought in a wide range of students who would normally not participate in the same event. The facilitator was excellent and very professional. Everyone who participated walked away laughing or smiling. The Global Rhythm Tour embodied the whole concept behind our World Fest - celebrating differences in a very concrete way by bringing people together.
